Professor—Del Mar College

There are jewels of artistic talent around the Coastal Bend. I am delighted to be inspired by the creative approaches by so many in this group! It was difficult choosing “winners,” as they all give us a glimpse into poetry!

The following are a few of my notes taken while choosing the winners;

Best in Show

“Spontaneous, loose brushwork, command of the figure, spare essential.”

Works on Canvas

“Intricate, excellent color harmonies.”

Works on Paper,

“Whirring bits of unusual color, vibrating forms, great drawing skills evident.”

Photography

“Chosen for unique view, planar depths a caught surprise.”

Sculpture

“Natural, playful rhythms, almost musical. Excellent craftsmanship.”

Mixed Media

“Vague, mysterious, bold, moving, chance!”
